2. Our terms and conditions of purchase shall apply exclusively; conflicting or deviating terms and conditions of the Supplier will not be accepted, unless we have expressly approved of their validity in written form. Our terms and conditions of purchase shall also apply in case we accept the delivery of the Supplier without reservation in spite of being aware of the Supplier's conflicting or deviating terms and conditions.
3. These terms and conditions of purchase are available and downloadable at any time on our homepage www.gotec-group.com in the latest version. Please print these terms and conditions of purchase for your documents and read them carefully.
4. Our terms and conditions of purchase apply only subsidiary to General agreements, which are closed between GOTEC and the Supplier. This applies particularly to quality assurance agreements. Especially the BARSF 13-01 standard for surface finish, BARSF 13-02 standard for surface treatment and BARSF 13-03 standard for logistic shall apply.
5. With general labels such as „us“ or „we“, GOTEC or its associated companies are meant in these general terms and conditions of purchase, depending with which company the Supplier concludes a contract with.
6. Our terms and conditions of purchase shall only apply towards companies in accordance to § 310 IV BGB, § 14 BGB (German Civil Code), public law entities and separate fund under public law.

2. Deliveries without an order in textual form will not be accepted by GOTEC.
3. GOTEC reserves the property and copyright titles in all illustrations, drawings, calculations and other documents and information that GOTEC encloses to his offer. The Supplier must not disclose them to third parties without GOTEC's explicit consent in textual form. The Supplier may use them only for production according to the order of GOTEC. After completion of the order, the Supplier has to return all such documents to GOTEC without having to be reminded, without delay and at Supplier's costs. The Supplier has to keep all such documents secret from third parties. The documents shall not be reproduced or copied in any kind. The documents have to be treated and stored with care.
4. Models, stencils, templates, samples, tools and other manufacturing equipment and confidential information which are made available for the Supplier by GOTEC or which are fully paid by the Supplier, may only be carried out to third persons with our prior consent in textual form.
5. Subcontractors are to be obliged according to the contract.

§ 3 Order Volume, Released Quantity

1. Unless specifically stated otherwise case-by-case, the released quantities base on turnover figures and estimations of GOTEC at the point of placing the order and can vary in the future depending on the economic environment. In this case, the scheduled amounts are only intended quantities for there is no warranty of final acceptance.
2. In cases of no released quantities, this fact will be specifically marked in the delivery schedule.

4. The Supplier will have the necessary capacities available respectively to the delivery forecasts above and he is going to make the necessary investments, as appropriate, to guarantee to cover the whole demand of GOTEC for the time of at least three (3) months. 3. If a price is agreed "ex works" or "ex storage", GOTEC only bears the freight costs that GOTEC agreed to. The Supplier shall bear all costs up to the point of delivery to the carrier.
4. The agreement on the place of performance shall not be affected by the nature of pricing.
5. Unless otherwise agreed in writing, GOTEC will pay the purchase price with 2% discount within fifteen (15) days of contractually delivery and receipt of invoice or net within thirty (30) days of receipt of invoice.
6. In case of defective delivery or partial delivery, GOTEC shall be entitled to withhold the payment proportionately to the value until the contract has been duly performed. The supplier has the right to prove to us that as a result of the delay, no or significantly lower damage has occurred. If agreed delivery dates are not kept, GOTEC has a claim to repayment of all additional costs which arise GOTEC as the result of the delay.

9. The Supplier has to care about the shipping interests of GOTEC. GOTEC is not obliged to process deliveries of any kind before the delivery documents have arrived.

If acceptance of the products is agreed upon, the risk passes upon their acceptance. In other respects, the statutory provisions under the law on contracts for work and services also apply to the acceptance of products.
3. GOTEC's default of acceptance is subject to statutory provisions. The Supplier has to expressly offer GOTEC his performance if a certain or definable calendar period has been agreed upon for any act or cooperation by GOTEC (e.g. provision of material).
