COATING												
Degreasing												
Perchlor steam degreasing gitterbox												
Perchlor steam degreasing drum												
Degreasing alkaline washing												
Phosphating												
Phosphating ZnCa steel												
Pickling alu												
Phosphating iron phosphate												
Phosphating Nachphosphat												
Phosphating Satinage												
Bonderite steel												
Bonderite alu												
Phosphating zinc phosphate												
Plating												
Zinc-nickel alkaline transp. racks												
Zinc-nickel alkaline transp. drum												
Zinc-nickel acidic for mixed components												
Zinc alkaline transp. racks												
Zinc alkaline with tri-cation phosphatising												
Zinc-iron												
Shot Blasting												
Tumble shot blasting steel grit												
Hanger-type blast machine steel grit												
Satellite-machine steel grit												
Satellite-machine corundum												
Tumble shot blasting stainless steel grit		NEW										
Tumble shot blasting corundum												
Coating All GOTEC plants can process adhesives based on solvents, water, alcohol or silicone												
Chain-On Edge												
Round table												
Tumble-Spary												
Roll coating												
Dipping												
Flat-bed												
Hand coating												
Electrostatic coating												
Dip-Spin (Basket)												
Schaukelautomat												
Dip-Spin (Hooks)												
Pad printing		NEW										
Lubricant varnish						NEW						
METAL												
Stamping parts												
Interleaf and outer Coilcoating												
Interleaf and outer Coilcoating	NEW											
Interleaf and outer blank												NEW
Slotted bushes profiled												
Profiled Interleaf and outer Coilcoating	NEW											
Profiled Interleaf and outer blank												
Stamping other technologies												
Machining												
Aluminum profile cut												
Aluminum profile lathe												
Steel profile cut												
Steel profile lathe												
Pipe sections with machining steel						NEW						
Pipe sections with machining Alu						NEW						
CNC turning												
CNC milling												
Variety												
Flanged collar bushes Alu												
Flanged collar bushes Steel												
Assembly												
PLASTICS												
1-Component												
2-Component												
3-Component with insert

Tool making												
Prototyping												

Our Locations:

Poland – Sroda Slaska
30 km from Wroclaw

Poland – Jastrzebie
180 km NW of Warsaw

Spain – Almazán
180 km north of Madrid

Turkey – Bursa
150 km south of Istanbul

Romania – Satu Mare
320 km from Budapest

USA – Williamstown
50 km south of Cincinnati

Slovakia – Partizánske
220 km east of Vienna

China – Suzhou
100 km west of Shanghai

India – Neemrana
130 km SW of Dehli

India – Chennai
Southeast India

Mexico – Toluca
70 km west of Mexico City

Mexico – Querétaro
220 km NW of Mexico City
