<b>COATING</b>												
<b>Degreasing</b>												
Perchlor steam degreasing gitterbox												
Perchlor steam degreasing drum												
Degreasing alkaline washing												
<b>Phosphating</b>												
Phosphating ZnCa steel									06/2022			
Pickling alu									06/2022			
Phosphating iron phosphate												
Phosphating Nachphosphat												
Phosphating Satinage												
Bonderite steel									06/2022			
Bonderite alu												
Phosphating zinc phosphate												
<b>Plating</b>												
Zinc-nickel alkaline transp. racks				10/2022					2023			
Zinc-nickel alkaline transp. drum												
Zinc-nickel acidic for mixed components												
Zinc alkaline transp. racks												
Zinc alkaline with tri-cation phosphatising												
<b>Shot Blasting</b>												
Tumble shot blasting steel grit												
Hanger-type blast machine steel grit												
Satellite-machine steel grit												
Satellite-machine corundum												
Tumble shot blasting stainless steel grit		NEW										
Tumble shot blasting corundum												
<b>Coating</b> <small>All GOTEC plants can process adhesives based on solvents, water, alcohol or silicone</small>												
Chain-On Edge												
Round table												
Tumble-Spary												
Roll coating												
Dipping												
Flat-bed												
Hand coating												
Electrostatic coating												
Dip-Spin (Basket)												
Schaukelautomat												
Dip-Spin (Hooks)												
Pad printing												
Lubricant varnish						NEW						
<b>METAL</b>												
<b>Stamping parts</b>												
Interleaf and outer Coilcoating												
Interleaf and outer Coilcoating												
Interleaf and outer blank												
Slotted bushes profiled												
Profiled Interleaf and outer Coilcoating												
Profiled Interleaf and outer blank												
Stamping other technologies												
<b>Machining</b>												
Aluminum profile cut												
Aluminum profile lathe												
Steel profile cut												
Steel profile lathe												
Pipe sections with machining steel												
Pipe sections with machining Alu												
CNC turning												
CNC milling												
<b>Variety</b>												
Assembly												
<b>PLASTICS</b>

Prototyping												

**Our Locations:**

**Poland – Sroda Slaska**  
30 km from Wrocław

**Poland – Jastrzebie**  
180 km NW of Warsaw

**Spain – Almazán**  
180 km north of Madrid

**Turkey – Bursa**  
150 km south of Istanbul

**Romania – Satu Mare**  
320 km from Budapest

**USA – Williamstown**  
50 km south of Cincinnati

**Slovakia – Partizánske**  
220 km east of Vienna

**China – Suzhou**  
100 km west of Shanghai

**China – Taizhou**  
230 km NW of Shanghai

**India – Neemrana**  
130 km SW of Dehli

**India – Chennai**  
Southeast India

**Mexico – Toluca**  
70 km west of Mexico City

**Mexico – Querétaro**  
220 km NW of Mexico City
